

Benediction – by Becky Ullom

“It started when God said, “Light up the darkness!” and our lives filled up with light as we saw and understood God in the face of Christ, all bright and beautiful.” Go from this place, reminding yourself and others that we carry the light of the Holy Spirit inside of us. But let’s not just keep it there. Instead, let it beam forth from our thoughts, our words, and our actions. Go with God to light up the darkness!
